

Camden Children's Garden Artist Bench Sponsorship

The Camden Children's Garden is a four-acre interactive horticultural playground that is a special place for people of all ages to explore and discover the natural world.

Throughout the Garden visitors enjoy a variety of whimsical artists benches painted by local grade school children and the Garden's own summer youth employees.

The cost of sponsoring one of these benches is \$250.00. Sponsorship includes all the materials to make and decorate the bench and an inscribed nameplate attached to the bench. Sponsorship continues for the life of the bench.
